

# What is the impact of one bag?

## One bag is a beginning

One bag is the beginning to making your company stand out as a leader in social consciousness and environmental responsibility. With the energetic growth of green living trends and the increased focus on reusable products, what better way to show off your brand than through a stylish Pretty Green reusable bag.

Designed to last with its high-quality materials and construction, this is a bag that clients and customers will want to reuse, again and again. Customized to your company's colors and logo, your unique Pretty Green bag will valuably increase your brand recognition and be the ultimate promotional tool.

Let Pretty Green work with you to create your unique eco-conscious reusable bag
